Journal of Offshore Mechanics and Arctic Engineering

Author Index

The 2000 author index was inadvertently included in the November 2001 issue of the Journal of Offshore Mechanics and Arctic Engineering. The correct annual index, for the year 2001 (Vol. 123, Nos. 1 through 4), is provided herein. We apologize for this incovenience.

All authors of papers published in Volume 123 are listed alphabetically. Full titles are included in each first author's entry. Letters in parentheses follow some of the page numbers: D indicates Discussion, E indicates Errata, and BR indicates Book Review.
